Your hydraulic connections will seal like new, years after installation. Simply install Flaretite Seals with our patented sealing rings and Loctite coating.

***Flaretite Seals are also available for stainless steel fittings.***

(Absolutely essential for the most demanding sealing applications.)

Seals and sample kits available from your local hydraulic distributor, or contact Flaretite direct at: [www.flaretite.com](http://www.flaretite.com)

***flaretite***

*the only flare seal solution* ***clip the drip***
